OCTOBER 2023

The 21st Global Agricultural Technology Summit Food & Water Security in a Disrupted Era

AGRICULTURE | WATER | FOOD

JOIN US

For the 21st Global Agricultural Technology Summit in Tel Aviv, Israel, on October 17-18, 2023

AMONG OUR EXHIBITORS

Exhibiting Companies

BioFishency
AQUACULTURE REDEFINED

A new breed of sustainable and profitable RAS water treatment solutions

SHEFFA
By Deshen Hatzafon

Innovation in the fertilizer industry

metzer

Smart drip irrigation systems

YAMIT
FILTRATION

Yamit's filtration solutions are designed to serve the various Industrial

DURAM
Rubber Products

DURAM™ rubber products serves a wide range of markets worldwide

TALGIL

Talgil develop, assemble and support professional automation systems worldwide

FRUIT LOGISTICA

FRUIT LOGISTICA is the world's most important trade fair for the fresh produce industry and its direct access to the global market.

Galcon

Galcon, a world leader in the production of computerized irrigation systems and controllers.

muRata
INNOVATOR IN ELECTRONICS

Solution Technologies

ODIS
Treating water for life

ODIS we implement cutting edge technology & cutting edge lab

Phytech
Plant-based Farming

Monitor, Plan, Automate and manage - Irrigation, Nutrition, Pest and Disease; Based on direct data from your trees, fruits and irrigation system

Pelemix
Professionals In Coir Substrates

Leading manufacturer of Coco Coir Substrates for Vegetables, Berry crops & Nurseries.

AGROLAN
KNOWLEDGE & INPUT

Technology solutions AGROLAN Knowledge & Input

BIO CLOUD

Vapor solutions for greener farming and healthier living

BACCARA
AUTOMATION & CONTROL

Water & industrial solutions

P.MAROM
Amir Agricultural Project

We offer a broad range of agricultural structures, both ready-made and customized for specific needs.

Yevulinfo
THE FERTIGATION OPTIMIZER

Yevul Info is an AI company which significantly reduces the surplus in fertilization protocols, and alerts ahead for crops stress.

RAPHAEL
BY TALIS

Raphael offers the widest range of products and technical solutions for irrigation, fire protection, and water works.

PRO FIT AGRO

Profit Agro Ltd is an industry leading manufacturer of agricultural structures and systems.

TAPKIT
www.tapkit-hydroponics.com | info@tapkit.com
It's green, It's clean, It's hydroponic

A complete hydroponic production system for commercial growing of fresh herbs and leafy green vegetables.

NET
金芝玉

Viridix, Unlock the Potential of Your Crops with Viridix, Experience Real-Time Plant Intelligence for Optimal Irrigation.

Viridix

Viridix, Unlock the Potential of Your Crops with Viridix, Experience Real-Time Plant Intelligence for Optimal Irrigation.

DryGair
a new way to grow.
HORTICULTURE DEHUMIDIFIERS

DryGair World Leading Dehumidifiers

DRTS

Turnkey Pipe Production Lines & Machinery For Drip Irrigation, PE - PVC - PPR

DITAN
פתרונות פיננסים וביטוח

Financial solutions and insurance

Evenproducts

Our water storage tanks are made up of several vital components and can be configured to meet your specifications.

CLARIFRUIT

Quality control technology to optimize QC across your entire produce supply chain

FORESIGHT

Autonomous vehicle stereo vision solutions that provide real-time value to customers around the globe

BIODALIA
Microbiological Technologies

BioDalia is a manufacturer of microbiological biopesticides and fermentation-based products for environmental application and agriculture crop protection

C2SHIP
Center to Stream HealthCare in Place

Center to Stream Healthcare In Place A National Science Foundation (NSF) Industry/University Cooperative Research Centers (I/UCRC) Consortium.

THE UNIVERSITY OF ARIZONA

Research Development Services (RDS)

Bloom
Bio-mimicking Pollination

A flexible platform that scales with you as you navigate the energy transition. Bloom Energy Servers deliver reliable, resilient, 24/7 onsite power with world-leading efficiency.

NESS
FERTIGATION

Yamit's filtration solutions are designed to serve the various Industrial

WATERSIGHT

Smart water monitoring system, based on Newsight's proven spectral technology, empowered by AI

Presenting Companies

ALGATECH

The Story of Life Making an impact by bringing the good that's in microalgae to the world

Atlantium
Illuminating Water Technologies

A leader in UV treatment solutions, Atlantium Technologies provides industry and municipalities with a sustainable, measurable water treatment option.

BioCastle
Bio Engineering the Environment

Bio Castle - Bio Engineering the Environment, an environmental biotechnology company that is developing and marketing a novel technology.

Saffron Tech

Saffron-Tech enables the controlled, automated cultivation of agricultural crop under laboratory conditions.

InNegev

InNegev is a unique technology incubator dedicated to fostering top-tier Israeli innovation and generating a vibrant new growth model for the Negev region.

Growtec
Powering CEA Yields

Growth Technology products are based on the practical expertise of the Growth Technology team and driven by continuous experimentation.

ARDAG
RED SEA MARICULTURE

Ardag can provide fingerlings or technologies to suit your needs.

ESHET EILON

ESHET EILON has special expertise in dealing with fruits and vegetables that have a special shape, exactly like pineapples.

kando

Kando is a Japanese word for the simultaneous feeling of deep satisfaction and intense excitement we experience when encountering something of exceptional value.

Autonomous Pivot
Much more than irrigation

Autonomous Pivot transforms center-pivot irrigation systems into an intelligent, AI-driven robotic platform that can improve farming returns.

Phytech
Plant-based Farming

Monitor, Plan, Automate and manage - Irrigation, Nutrition, Pest and Disease; Based on direct data from your trees, fruits and irrigation system
