

AI WEEK

June 26th-27th, 2024
Tel Aviv University

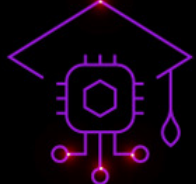

PARTNER WITH US

In Cooperation with

AI Week is a leading international conference focused on showcasing the forefront of AI research and the application of intelligent systems.

Bringing together industry leaders as well as top academics, AI Week is a unique opportunity for audiences to explore real-world case studies and pioneering research, while networking with industry peers.

TOP INTEREST AREAS

- ✓ Deep Learning
- ✓ Computer Vision
- ✓ NLP
- ✓ Health & Biomed
- ✓ AI Applications
- ✓ ML Theory
- ✓ AI Innovation
- ✓ Finance

The expected audience at AI Week are data scientists, applied & academic researchers, CTOs, VPs of Engineering, VPs of Data Science, the military, investors, entrepreneurs, professors and students.

PAST SPEAKERS

Dr. Fei-Fei Li
Sequoia Professor in the Computer Science Department, Stanford University, Co-Director of Stanford's Human-Centered AI Institute

Jack Hidary
Chief Executive Officer, SandboxAQ

Dr. Ilya Sutskever
Co-founder & Chief Scientist, Open AI

Prof. Regina Barzilay
Department of Electrical Engineering and Computer Science, Member of the Computer Science and Artificial Intelligence Laboratory, MIT

Prof. Shimon Ullman
Professor of Computer Science, Weizmann Institute of Science

Prof. Yoav Goldberg
Research Director of AI2 Israel; Professor at the Computer Science Department, Bar-Ilan University

Prof. Rada Mihalcea
Professor of Computer Science and Engineering, University of Michigan & Director, Michigan Artificial Intelligence Lab

Prof. Abba Krieger
Robert Steinberg Professor Emeritus of Data Science and Statistics, University of Pennsylvania

Dr. Kira Radinsky
Chairperson and CTO, Diagnostic Robotics

Prof. Elad Hazan
Professor of Computer Science, Princeton University

Prof. Yoav Shoham
Co-founder and Co-CEO at AI21 Labs

Prof. Guillermo Sapiro
Assistant Professor, Technion University

Prof. Meir Feder
Professor, School of Electrical Engineering, Tel Aviv University and Head, TAD

Dr. Yaniv Erlich
CEO, Eleven Therapeutics; CSO, MyHeritage.com

Prof. Lior Wolf
The Blavatnik School of Computer Science, Tel Aviv University

Maj. Gen. (Ret.) Prof. Isaac Ben-Israel
Chairman, AI Week; Director, Blavatnik ICRC, Tel Aviv University; Co-Head of Israel's AI Initiative

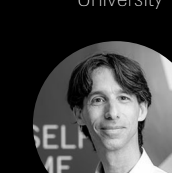

Prof. Margaret Brandeau
Professor in the School of Engineering and a Professor of Medicine (by Courtesy), Stanford University

Carme Artigas Brugal
Secretary of State for Digitalization and Artificial Intelligence, Government of Spain

Dr. Zachary Chase Lipton
Assistant Professor of Machine Learning and Operations Research, Carnegie Mellon University and a Visiting Scientist, Amazon AI

Ziv Katzir
Head of the National Program for AI Infrastructure, Israel Innovation Authority

INVITE YOUR EXPERTS

AI Week is interested in exploring the following subjects:

Foundations (Machine Learning, Deep Learning, Theory) | NLP | Gen AI | Computer Vision | Robotics | Health | Biomedicine | Biology | Neuroscience | Defense | Security | Signal Processing | Environment | Sustainability | Agriculture | Gaming | Ethics | Regulation

PARTNER WITH US

Send a delegation to AI Week 2024

At AI Week, we pride ourselves on providing opportunities to strengthen international, corporate and governmental cooperation.

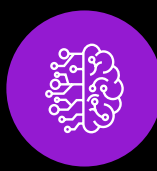

Partnering with us will allow you to:

- Enjoy an exchange of high-level knowledge and ideas
- Foster business partnerships
- Enhance bilateral ties
- Develop targeted and strategic partnerships
- Promote future professional and political ties
- Create joint events with selected stakeholders

BECOME A SPONSOR

Raise your company's profile and promote yourselves as AI technology leaders by sponsoring AI Week 2024. Get in front of some of the world's leading data engineers, scientists, academics and AI product managers, as well as the entrepreneurs, investors and policy makers that are reshaping our industry.

Sponsors will enjoy:

Targeted Recruitment
Make sure the best and brightest are working in your team!

Showcase Your Company's Technology
Share your company's thought-leadership and vision

Increase Your Brand's Visibility
Promote your solutions through dedicated company demo space

Network & Connect
Use our B2B platform to connect with attendees and speakers

Looking forward to partnering with you!
